The Boys & Girls Clubs of Mid Central Coast (BGC MCC) is committed to providing a safe environment for members, staff, and volunteers. To further ensure their safety, BGC MCC maintains a drug and alcohol-free workplace, see Employee Handbook. - Employees, Volunteers or any other Staff are prohibited from reporting to work or working when the employee uses any drugs, except when the use is pursuant to a doctor's orders and the doctor has advised the employee that the substance does not adversely affect the employee's ability to safely perform his or her job duties.
- Employees & Volunteers are to adhere to a smoke free environment, which includes but is not limited to tobacco products, smokeless tobacco, e-cigarettes, or vape devices.

If the organization and the employee's physician have determined that the substance does not adversely affect the employee's ability to safely and efficiently perform the employee's job duties or determined that a reasonable accommodation can be made,

the employee may commence work. An employee shall not be permitted to perform his or her job duties until such a determination or reasonable accommodation is made.

- Employees, Volunteers or any other Staff must notify their supervisor and/or Club leadership, within five (5) days, of any criminal drug statute violation.
- Employment with the organization is conditioned upon full compliance with the foregoing drug and alcohol-free workplace policy. Any violation of this policy may result in disciplinary action, up to and including discharge.
- Members who are found in possession of unauthorized drugs, alcohol, marijuana or any other mind-altering substance will have the substance confiscated, and parents will be called. Continued infractions may result in suspension or expulsion.
- In cases of suspected drug overdose, the Club Director shall call 911 immediately. After 911 has been contacted they will contact the School Districts designated individual who is responsible for management and treatment of suspected drug overdose, if available. The designated individual will then follow the school district's procedures for drug overdose. For non school sites, first responders will manage the incident. The Club Director will contact parents or guardians of the member.

BGCMCC further reserves the right to take any and all appropriate and lawful actions necessary to enforce this drug and alcohol-free workplace policy including, but not limited to, the inspection of organization issued lockers, desks, equipment, Club rented, leased or owned vehicles or other suspected areas of concealment, as well as an employee's personal property when the organization has reasonable suspicion to believe that the employee has violated this drug and alcohol-free workplace policy.
